

YEAR 8 PARENTS' EVENING: 27 January 2016

- A very positive evening.
- We were passed by other parents and missed our appointment for one of the subjects. Educationally she is progressing well. The awareness of bullying is somewhat lacking and there have been occasions when it has interfered with her willingness to attend, although she has never missed school as a result.
- Difficult to keep to the times allotted.
- A useful information evening. Enjoys school generally and is comfortable with the subjects so far.
- A few teachers were missing due to extra-curricular activities. It wasn't obvious who to speak to in their absence.
- Overall, I feel my child has made good progress, however, I feel communication could be improved.
- Lovely staff, a very welcoming team. She loves it!
- Homework books instead of scraps of paper.
- It's very difficult to know your child is getting on. Relatively little feedback is provided regarding student progress outside of reports/parents evening. The feedback on progress and results should ideally be provided more regularly. Having said that, our child is very happy attending Unity College.
- I noticed quite a lot of students smoking outside of the building but inside the grounds. Could this be looked into?
- Just feel the co-ordination of set times for key subjects could be more fluid. It was quite confusing/frustrating.
- Well planned. Teachers are easier to access.
- No other than the setup is better than year 7 parents evening.
- The appointments for Maths were unorganised. Not knowing who was next. Not being told that a teacher was not here and not made aware who to speak to.
- Appointments for discussion with core subject teachers were scheduled 'back to back' directly one after the other - this did not work for us. Extremely pleased with the college's work relating to my child. We preferred the previous year's approach of going into the classroom environment of the specific subject as it gave the opportunity to experience what the children are learning.
- I am very happy with everything at the college and it is a great school for my son.
- My daughter is doing very well, so very pleased with the evening. My daughter enjoys school.
- Appointments run over so we were late for some appointments.
- The set up was better in that we could see all tutors as last year we ran out of time.
- The evening has been very helpful and I now feel more informed about which options to take. My child enjoys all aspects of school and I am very happy with the progress they have made.
- My son is making good progress and I am happy with this. Thank you!
- I am very happy with my daughter's progress.
- All really good.
- Layout was better this time. Saved time not having to walk round the college to find rooms.

- A well organised parents evening.
- Gave me a good idea of what to expect on my child choosing their options about practical and theory. My child loves the PE and all sporting lessons.
- Didn't enjoy waiting for a teacher, then to find that other parents would jump in front. I think a raffle ticket system should have been put in place.
- Pleased with the comments.
- Easier to see all teachers this way. Enjoys coming to school every day. Progress is great.
- Very happy with my child's progress.
- Tonight told me what I already knew from my child's report really! My children are progressing excellently in year 8 and 10.
- Great school.
- Very good. Likes very much.
- Amazing parents evening. I feel teachers are very good and encourage my child to do brilliantly.
- Fantastic staff.
- The appointment system does not work. I arrived for my appointment on time, stating to the teacher, which let another family go ahead even though they were an hour late.

YEAR 9 PARENTS' EVENING: 11 November 2015

- Prefer the new system of all the teachers situated closely rather than around the school.
- Very well organised.
- Agree with new appointment system.
- A huge improvement with the appointment system and other tutors being close by without wandering around in pure frustration. Please don't change this it works well.
- Much better layout; got to speak with more teachers than at previous parents evenings.
- Very informative.
- Enjoyed the evening.
- Appointment system 100% improvement and we did not need to spend more than 15 minutes waiting for other subjects.
- I have had a very positive parents evening, with really good comments and recommendations from teachers.
- The parents evening was very well organised and easy to get around all the teachers.
- Very happy with how the school is educating, caring for and maturing my child.
- Fantastic, happy child = happy parents.
- Extremely proud of my son's progress especially in Spanish and hope he can continue producing good work.
- My child has shown much improvement since joining this school.

YEAR 7 SETTLING IN EVENING: 21 October 2015

- Our son really enjoyed his science classes especially he looks forward to the practicals. He has also loved doing food tech and this has encouraged him to cook at home. Thank you for inspiring him!!
- Glad to hear our daughter has settled in well. Good to meet her PD tutor.
- Very happy with the comments made about my child settling well in college. My child seems to be enjoying her experience of secondary school so far.
- Very pleasing and informative. Happy to be kept abreast of progress that my child is making.
- I feel that these sorts of evenings are good for staff and parents can meet informally.
- Well organised – staff friendly and approachable.
- This transition evening is a good idea.
- Since starting here she seems to have settled down and really enjoys coming to school.
