

YEAR 11 PARENTS EVENING: Wednesday 10 January 2018

- Brilliant all round
- It was useful to have all subject teachers situated in close proximity to each other, rather than having to go all the way round college. We missed the tasty food that is sometimes available.
- Much better system than previous years.
- We are pleased with her progress.
- Happy with tonight's event.
- Very positive and encouraging comments from all teachers seen.
- I like the way teachers desire my child to succeed and the support they are prepared to offer.
- Very organised again.
- Thank you for supporting Caitlin well.
- Very productive evening.
- Communication between home and school can be poor.
- This has been a wonderful school for my son with continued support.
- I cannot recommend /compliment Unity enough on how supportive and enthusiastic they are with each student. I have had 2 of my children attend Unity, one at the top of the academic scale and one at the bottom, and I feel both experienced a very supportive environment that was individual to their specific needs.
- I feel school is doing all it can to ensure my daughter achieves the grades she is capable of. Well done.
- I feel happy with our son's education at Unity College and would like to thank all staff who have supported his learning journey.
- I feel that homework hasn't been given out enough throughout his college duration.
- Loves coming to school.
- My daughter has enjoyed her time at Unity and we are confident we chose the right college in Unity.
